Flat broke in the city
The streets are alive
She left without my pity
The freeze frame arrived
Sandcastles a' tumbling
Scattered by the air
But now that I'm slumming
She's out of my hair!

I thought I loved her
Until I lost her
But now I'm glad she's gone

Flash back to the meadow
A teardrop expands
It shook loose from the shadows
And dried in the sands
Cash back on the dollar
Since I broke her spell
I lost my dog collar
And the catalyst as well

I thought I loved her
Until I lost her
But now I'm glad she's gone

How can you stand to be alone
She used to say
When all I have ever wanted was
To live unafraid
I can forgive
God bless who you're with!

The side walks of the city
I've got time to kill
It ain't always pretty
But I've got to show my skills
Fatback on the fibolo
My luck rings a bell
A figurine says hello
I've got love for sale

I thought I loved her
Until I lost her
But now I'm glad she's gone!
