There's a freedom that's arriving
You can feel it in your soul
Liberation will salute you
And release what no longer suits you

I can see a new world forming
I can see a new world forming
I can see a new
I can see a new world forming

If I say you'll live forever
It's because I've seen the light
I can see your transformation
Is a cause for celebration

I can see a new world forming
I can see a new world forming
I can see a new
I can see a new world forming

You were never quite alone
You were always right at home
In the beginning you were
And in the end you shall be

(shah la la la lula)
BE!
(shah la la la lula)
(shah la la la lula)
(shah shah)

I can see a new world forming
I can see a new world forming
I can see a new
I can see a new world forming

See the sunlight judges no-one
Shines it's light on all the same
Every new star will befriend you
And a new grace will extend you

I can see a new world forming
I can see a new world forming
I can see a new
I can see a new world forming
I can see a new world forming
I can see a new world forming
I can see a new
I can see a new world forming

Wonderful marvelous is love
