Breaths by the Shore  
But the wind you're defying  
Deaths at your door  
And you're not even crying  
Be wherever your wrecked Chrysler Chrome  
You will find a much nicer home  
Maudie my dear

Peddle no more  
An accuser said lying  
I settled the score  
Though a loser for trying  
Though I never knew most of her ways  
What I knew made most of my days  
Maudie my dear

Crossbones & Roses  
Are good for the soul  
The poets of heaven  
You're soon to behold  
Cast cross the fountain  
To me while I'm grieving  
What is your reason for leaving?  
(Back to 1st verse)
