If you're not good to yourself  
You'll be drowned out by your inner scream  
If you're not good to yourself  
Then your anger becomes a disease

A carnival of confusion (go on and let your scream out)  
A carousel of emotion (if you're not good to yourself)  
A freakshow of frustration (go on and let your scream out)  
Merry-go-round mojo (if you're not good to yourself, to yourself)

If you're not good to yourself  
You'll look elsewhere for absolution  
If you're not good to yourself  
Your self doubt becomes retribution

A sideshow of suspicion (go on and let your scream out)  
Ferris wheel of fear (if you're not good to yourself)  
A rollercoaster of madness (go on and let your scream out)  
Circus of solitude (if you're not good to yourself)

Go on and let your scream out  
Go on and let your scream out  
Go on and let your scream out  
Go on and let your scream out  
Let it out, yeah

If you're not good to yourself (go on and let your scream out)  
You'll be drowned out by your inner scream (go on and let your scream out)  
If you're not good to yourself (go on and let your scream out)  
Then your anger becomes a disease  
If you're not good to yourself  
To yourself, to yourself, self, self

Go on and let your scream out

Go on and let your scream out  
Go on and let your scream out  
Go on and let your scream out  
Let it out, yeah

Go on and let your scream out (go on and let your  
scream out)  
Go on and let your scream out (go on and let your  
scream out)  
Go on and let your scream out (go on and let your  
scream out)  
Let it out

Please be good to yourself  
Please be good to yourself  
Please be good to yourself  
Please be good

Please be good to yourself  
Please be good to yourself  
Please be good to yourself  
Please be good
