She runs around in diamonds and dirt
She runs around in blue jeans and skirts
She runs around in fake furs in the fall
She runs around sometimes in nothing at all
Yeah she keeps on runnin', yeah she keeps on runnin'
Yeah she keeps on runnin'
Red Hot

If you go out tonight
She's bound to catch your eye
She'll be turnin' heads left and right
She will strike you, ahhh
Red Hot
She's Red Hot

She runs around in a ruby red 'vette
And when she stops, you oughta see the men then
They gather 'round like geese to the swan
Don't you know, she can have anyone
Yeah she keeps on runnin', yeah she keeps on runnin'
Yeah she keeps on runnin'
Red Hot

If you go out tonight
She's bound to catch your eye
You'll be swingin' her left and right
She will strike you, ahhh
Red Hot
She's Red Hot
Ooo-La-La
Hot, hot, hot

She's hotter than a match yeah
She is brighter than the sun
Catch her if you can when she runs
When she runs
When she runs
When she runs
Red Hot

If you go out tonight

Well she's bound to catch your eye
She'll be swingin' her hips left and right
She will strike you, ahh
Red Hot
She's Red Hot
Ooo-La-La
Hot, hot, hot
She's Red Hot
mmm-She's Red Hot
Ooo-La-La
Hot, hot, hot
Tsst-tsst-tsst
She's Red Hot
