[Intro: Nature (Half-A-Mill)]

Yea, (uh huh) -- puff puff

We 'bout to do is -- puff puff

(put a lil bit of hawaii in there)

What you should do is -- puff puff

This one goes out to everybody out there

Within the sound of my voice that gets high

(we'll mix it up like this, knowmean?)

Nature -- Half-A-Mill -- puff puff

(use that badboy, Philly, Dutch, Backwood it all good)

It don't matter what you use --- puff puff, Half-A-Mill

[Half-A-Mill]

Mill Gates low calico, rollin that Cali dro

Roll wit the baddest hoe, roll in that snow

Fold in that dough, playa you know my status quo

Gallons of 'mo, packed purple haze in the dutch

And I ain't passion to yo

Got cash in the stash money like fuck, but ain't flashin
to yo

Benz buggy truck kidded up, no room for passenger

Bro "how the hell you gonna be a pimp and ain't a
whip"?

Bitches gonna laugh at you

You I hit switches, switch sixes, big spliffs ridiculous

Officilious, nakedlious, chicks rub tits and lips and clit
to this

[Hook: Nature (Half-A-Mill)] **repeat 5X

24/7 --- puff puff (puffin on some Izzerb)

[Half-A-Mill]

While you day dreamin, I stay schemin

On your girls face I spray semen

Make her sip syrup cause she earl-up

I'mma still fuck her til she curle up

And when my nut purle up

I gotta block chocolate twirl up

Smoke the whole world up

Word up its murder

How we keep that ganja to burn up

If you like chronic, I mean chronic rewriters turn it up
We got pounds, clowns downs, cock suckers your turn
is up
The Firm is up, Sopranos all we do is handle
scramble and gamble, roll out bamble
so high, Sosa holla out hola, wait I'm in Cancun

[Hook: Nature (Half-A-Mill)] **repeat 5X
24/7 --- puff puff (puffin on some Izzerb)

It goes here, your half, what!

[Nature]
Ayo its that shit when you hear in the whip
Your goin to be bumpin yo, dimes, dubs, 50's of dro
Fuck that yo I'm dumpin yo
All day long all to the head, naw I might let one niggga
know
Cause thirsty niggaz be bringin they friends
Like please "can my dunn hit it yo"?
They call me anti-socialable, I done coached a few
Made poacher moves, see me when I got a show to do
Back stage pickin wit hoe to screw
Show to improve or showin off
I hear 'em pistols goin off
No insurance on my whip
I crash like I don't know the cost
Laughin then I leave it there
Leave the place, leave the tapes
Take the guns from under the seats
Cause niggaz know, I don't need the case
I ain't the one to be laughin at or laughin wit
I'm action packed, catch me where the cashs at
Or any smoke shops after that

[Hook: Nature (Half-A-Mill)] **repeat 9X
24/7 --- puff puff (puffin on some Izzerb)

puff puff -- (puffin on some Izzerb)
puff puff -- (puffin on some Izzerb)
(puffin on some Izzerb)
(puffin on some Izzerb)
