Hey June,
Words cannot describe how much I miss you
From our little walks
To our little talks
I'm a little shocked
And I need to dock
These feelings that I hold inside

Dear June, it's been awhile
Do you have a phone number I can dial?
If I don't get it now I think that I might die, no, no
I'm exaggerating, but I don't want to be deteriorating
I'll have a rain cloud and it's filled with doubt
And I don't want that so I'll let it out
How I feel about you
If you had my view
It would all seem clear
Like a diamond, my dear
I wish I knew
If you need me too
I'll be by your side
Forever.

Dear June,
Words cannot describe how much I need you
From our little walks
To our little talks
I'm a little shocked
And I need to dock
These feelings that I hold inside

From movie scenes
To goodnight dreams
Without a doubt
Just think about
The F U T U R E
You radiate like sunshine
And my teddy bear at night time
We can cuddle like penguins do for heat

I know I'm right this time

I see the light that binds
And I heard it through the grapevine
That you wanted to be mine
I hope that you believe
Fershure I'll never leave
We'll stick like super glue
Dear june, I love you.

Dear June,
Words cannot describe how much I love you
From our little walks
To our little talks
I'm a little shocked
And I need to dock
These feelings that I hold inside

[Breakdown]

Dear June,
Words cannot describe how much I miss you

Dear June,
Words cannot describe how much I love you

Dear June,
Words cannot describe how much I love you
From our little walks
To our little talks
I'm a little shocked
And I need to dock
These feelings that I hold inside
