Her name jumps out my mouth
Just like how champagne bottles pop
Along with these three words
Strong enough to make a heart stop
I'll wear your heart from my sleeve
And I'll make sure it won't drop
It's hard to seem like they're just words
But baby I can walk the walk

We'll chill like those polar bears
Drinking out of Coca-Cola bottles
Call the cops 'cause we need some flares
To sit beside us, yeah, right there

Do you feel the way I do
Let's start a renaissance of me and you
Let me in on your point of view
And you'll know for sure I do what I do
And this I promise, I solemnly swear
Just call my name and I'll be there
I guess God must've answered my prayers
I love you, I declare

Me and you, sitting in a tree
K-I-S-S-I-N-G
First comes love
Then comes marriage
Then comes the end of time
No lie, I swear it

We'll chill like those polar bears
Drinking out of Coca-Cola bottles
Call the cops 'cause we need some flares
To sit beside us, yeah, right there

Do you feel the way I do
Let's start a renaissance of me and you
Let me in on your point of view
And you'll know for sure I do what I do
And this I promise, I solemnly swear
Just call my name and I'll be there

I guess God must've answered my prayers
I love you, I declare (x2)
