There were flashing lights when we met  
Not the typical place you would be  
In a flash of time my mind was set  
I knew you were the girl there for me

And though you just wanted to leave  
Imagine how great it could be  
The F-U-T-U-R-E  
Sit down hold your horses don't leave

Come and sit with me don't be so quick to leave  
I really like you girl  
Let's trade thoughts and words explore the universe  
But just don't leave me girl  
I really like you girl, girl  
From the moment that we met  
I really like you girl, oh girl  
And I know this is it

Against the wall is where ya lean  
The most beautiful girl that I've seen  
Out of this world my God you bling  
I'm surprised that you are human being

And though you just wanted to leave  
Imagine how great it could be  
The F-U-T-U-R-E, spells the future girl  
Sit down hold your horses don't leave

Come and sit with me don't be so quick to leave  
I really like you girl  
Let's trade thoughts and words explore the universe  
But just don't leave me girl  
I really like you girl, girl  
From the moment that we met  
I really like you girl, oh girl  
And I know this is it

Baby I love you  
Yes I do
