Break it down,  
Crank it up,  
Let's run and just don't stop  
Spin to the kick drum  
Drop it down, you're not done  
Twinkle, twinkle, little star  
I found that's where you are.  
She's buzzing like a bumble bee  
Flying all over me  
Add it up like a mathematician  
I wanna be your new addition

Your so fly,  
No lie,  
And you know this (ballin')  
One of a kind,  
Top of the line,  
Drop dead gorgeous

I saw you from across the room  
Dancing to my favorite tune.  
Navigating through this crowded room  
Excuse me, coming through.

Break it down,  
Crank it up,  
Let's run and just don't stop  
Spin to the kick drum  
Drop it down, you're not done  
Twinkle, twinkle, little star  
I found that's where you are.  
She's buzzing like a bumble bee  
Flying all over me  
Add it up like a mathematician  
I wanna be your new addition

Love at first flight  
While frolicking through the flowers,  
On a summer night

Keep on tearing up the dance floor

(Cause every ones staring at how high we're getting)

Break it down,  
Crank it up,  
Let's run and just don't stop  
Spin to the kick drum  
Drop it down, you're not done  
Twinkle, twinkle, little star  
I found that's where you are.  
She's buzzing like a bumble bee  
Flying all over me  
Add it up like a mathematician  
I wanna be your new addition[x2]
