Do you remember when we were kids  
Cardboard boxes took us miles  
Driving us past the 7 seas  
With a handful of laugh and smiles  
Take me back  
Up and away  
Cut me some slack  
All I can do is pray

Take it back  
Take it back  
When we were young  
Build a time machine  
Sing a song and song  
Only thing it takes to get back to you  
Walk around the world and come back to you

Give me one shot because I'm a mess  
Glve us one more chance at happiness  
There's nothing in this world I want more than this  
Right back stamp closed sealed with a kiss

Do you remember when we were young?  
We would play at the playground.  
Dig in the sand box  
And share the treasures we found  
Oh you take me away, take me away, yeah.

Think it through  
Take it back  
When we were young  
Build a time machine  
Sing a song and song  
Only thing it takes to get back to you  
Walk around the world and come back to you  
Give me one shot because I'm a mess  
Glve us one more chance at happiness  
There's nothing in this world I want more than this  
Right back stamp closed sealed with a kiss

Take it back

Take it back  
When we were young  
Build a time machine  
Sing a song and song  
Only thing it takes to get back to you  
Walk around the world and come back to you  
Give me one shot because I'm a mess  
Give us one more chance at happiness  
There's nothing in this world I want more than this  
Right back stamp closed sealed with a kiss
