Have I gone all too far?
Have I been here before?
If I have let me know
How it goes

Take her place
And I will
See her face
No reason
Let it slide
And I will
Watch her die...
To run through fields
To find, and I will
Hold, then lead, then lie
And I will... no I won't

Is it now really time?
Can I just give mind, if
I can simply trade
Deal Made

Take her place
And I will
See her face
No reason
Let it slide
And I will
Watch her die...
To run through fields
To find, and I will
Hold, then lead, then lie
And I will... no I won't

Run, hide away from me
Desouled, to seek, decide
And I will, no I won't

Run through fields to find
Hold then lead, then lie
And I will

Run, desouled, and
Hold, to heal, to find
And I can't

Where?

I was wrong to think that I could ever trust in you,
I was wrong to think that you might want to trust me,
too.

Here I am, here I am,
Here I stand,
Here I am, here I am, here I am, here I stand.

I was wrong to think that I could ever love in you,
I was wrong to think that you might want to love me,
too.

Here I am, here I am,
Here I stand,
Here I am, here I am, here I am, here I stand.

So where the hell are you?
So where the hell are you?
So where are you when I need someone, too?
I'm tired of needing you.
