Shes old enough  
She knows enough  
Shes thrown up  
So throw her

Out to me  
And I'll treat her like she was mine  
Let my belief  
You got your way and I'll get mine

And I can't eat  
I can't sleep  
I want to thank you for coming  
And why do we always laugh  
While we're in this discussion

Should have known enough  
Never grown enough  
Alone enough  
To know my

Where would be  
The path I wanted to try  
If it fairs to be  
Good for me than I'd rather die

And I can't eat  
I can't sleep  
I want to thank you for coming  
And why do we always laugh  
While we're in this discussion

Black words always lead to something  
Bury her cause her time was cut thin  
All the while you just stood and stared  
Never cared to help we just got carried away

Lately it seems like my dreams have started to die  
It occured to me on the inside I guess so have I

And I can't eat

I can't sleep  
I want to thank you for coming  
And why do we always laugh  
While we're in the last ones coming

Standing here with my two feet  
Enjoy it now cause it won't be  
Some way  
Some how  
The things that keep me alive  
aren't livin here anymore
