Well I heard she flew down to the Mountain City

He said, "That's not what I heard...I hear she went higher."

She depended on her friends to tell her when to stop it

To make a statement...this is me talking to you

Like Alice through the Looking Glass...

She used to know who she was

Call out my name...call out my name

But I get no answer...she prays...

"Better run for your life!" cried the Mad Hatter

"Alright," said Alice..."I'm going back..."

To the other side of the mirror..."I'm going back..."

Oh no, you cannot tell a gypsy...ooh, that she's no longer a member

Become a deadly weapon now...along with everything else

Oh call my name...

Like Alice through the Looking Glass...

She used to know who she was

Call out my name (like Alice through the Looking Glass)

but I get no answer (she used to know who she was)

And she prays for the world that she comes from

Each had their own charm...

Buried beneath a solid piece of armour...or a steel  
plated vest

Some carry a stiletto in their garter along with  
everything else --

that they carry...Oh, call my name...

Like Alice through the Looking Glass

She used to know who she was

Call out my name (like Alice through the Looking Glass)

But I get no answer (she used to know who she was)

And she prays for the world that she comes from

Alice!...call my name...

"Ooh run for your life..." said the Mad Hatter

"Alright," said Alice..."I'm going back to the other side  
of the mirror"

This is me talking to you...well this is me talking to ya

Alice...Alice
