Don't keep me hangin' on a string  
Tell me what I feel is no big thing  
Don't Turn away I'm Listening  
Over and over again  
Don't give me visions to explain  
There are no doubts I feel the strain  
Of all my senses yearning  
Over and over again  
Every day I see you  
Every day I need you  
Every way I breath you  
On and on and on and on again  
its not important to wonder why  
What is just is no more imply  
This simple thought repeating  
Over and over again  
Every day I see you  
Every day I need you  
Every way I breath you  
On and on and on and on again  
Imaging all the ways to cope

I close my eyes, that gives my hope

It cures the silence

Every day I see you

Every day I need you

Every way I breath you

On and on and on and on again
