Still the same old story

What price glory

You make it easy

In the still of the night

In the still of the night...

How still my love

In the still of the night...

How still my...

Doing all you can for me

They say you're not the man for me

Don't make it easy

In the still of the night

In the still of the night...

How still my love

In the still of the night...

How still my love

Standing...in the doorway

Watching out to sea

Calling out to me

Yo go...your way

Go on...go on

But you don't forget me  
Ooo no...you don't forget me  
Oooo no...my lonely one  
You're doing all you can for me  
They say you're not the man for me  
Don't I make it easy  
In the still of the night  
It's...me...talking to you  
How still my love...  
In the still of the night...  
How still my love...  
In the still of the night...  
It's me that's talkin' to you  
In the still of the night
