Do you know what this is

No, I don't

But whatever it is

It's very powerful

Have you felt this way before

Oh, I thought I knew

Do you know that I love you now

Oh yes, I do

Love is...

You've got the softest lips

You know that I cannot stay

Yes, I know

It has nothing to do

With you or with love

Oh, yes it does

Do not call or come around here

Do not tell

You know that I loved you then

Oh well...

Love is...

You've got the softest lips

Love is...

The touch of your fingertips

Love is...

Knowing you won't let go

She awakens things

That he said he thought were dead

He says, are you happy now

Oh yes, I am

But when it's over

How then will you feel

Will you miss those arms that used to go

Around you

So she stood there in the hallway frozen

In the dark

And her heart broke down

She cried

She fell to the floor

One tear slid across her lips

To the corner of her mouth

Love is...

And dropped to the floor

Love is...

You've got the softest lips

Love is...

The touch of your fingertips

Ooh, she says love is

Knowing you wont let go

Love is...

Watching you go

You're so very powerful

Love is...

Am I happy

Yes I am

Do I know you love me now

Yes I do

Do I know you cannot stay

I know

All about love

All about love

You're so very powerful
