My soul has soared out of reach to great heights...

But the ground is further than I thought

Afraid of falling...this is a strange feeling...

Feel I have given up...

I never did love easily...

But I easily loved you

And I loved with such intensity

As the sea moves with the moon...

Taken love...taken love...taken love...

I've ridden with you beyond the wind

As I'm riding away with you now

Beginning to understand your pain...

Forces me to withdraw...

And now the tears...drown my face...

And leave behind them only ashes

And the beauty of you was just a dream...

Memories, earthquakes, and flashes...

Flashes...flashes...flashes...

Forsaken love, taken love, mistaken love...

I waited love...

I waited love...

I waited...

I waited...and you know I waited...I waited...

Because I wanted...I wanted...

You know I wanted...

I've ridden with you beyond the wind...

But I'm riding away from you now...

Now...now...now
