Written by Stevie Nicks.

I was just that old  
That August dark, dark day  
Swear that you never saw her face  
Swear that you never heard her say

No spoken word  
No small command  
What was it she wanted  
They say she had everything

No spoken word  
No small command  
What was it she wanted  
They say she had everything

What shall I do  
What shall I say  
Should I say  
Who all the things  
That I'd like to say to you

No spoken word  
No small command  
What was it she wanted  
They say she had everyting  
Let's make a deal here

Ooh, for one night  
Well baby, you fill the night with the  
Wind and the rain and the water

Oh, for one night  
Well, just for one night  
You know that well that  
Disasterous sound  
Now it will make me wiser  
He says, and it will make you look  
She says, look out  
I don't know how to learn

From the pages of a book

Well I either say too much, or I  
I don't say enough  
Well I play too hard  
Still I'm not tough enough  
What was it she wanted  
They say she had everything

No spoken word  
No small command  
What was it she wanted  
They said she had everything

Ooh come around tonight indecent  
Well  
Ah, ha come around  
Tonight, indecent baby well,  
You fill the room  
With the rain and the wind and the water

If you tell me,  
One more time  
Oh baby, take it easy  
Well, you won't see me ever again

Some people walk down that darkened street  
With the faith of a child  
And so go the faithless  
But after awhile, she says

No spoken word  
Let's make a deal here  
No small command  
What was it she wanted  
They said she had everything  
Ooh, I don't want to know about it
