If it's me that's driving you to this madness

Then there's one thing that I'd like to say

Take a look at your life and your lovers

Nothing ever changes

Ooh it was just the first time

That I ever played for you

I could be the dancer of your dreams

I can turn all your music on

I can make you feel alive

I am gone but I'm never gone from you

It was just the first time

Come back little boy

Baby come back yeah little boy

Ooh it's just me that lies waiting

Well it could come from anywhere

Ooh it could come straight straight from my heart

Nothing can be saved here

I can turn all your music on

I can make you feel alive

I am gone but I'm never gone from you

It was just the first time

Come back little boy

Baby come back yeah little boy

Nothing ever changes you know it doesn't

Nothing ever changes oh you know it doesn't

Nothing ever changes you know it doesn't

Nothing ever changes
