>From the album: Bella Donna

Song note....This actually was to precede "Dreams" on the Rumours LP by

Fleetwood Mac, but was "shot down" for that idea. Stevie does, however,

connect them in concert!

It's only a dream.....it's only a dream.....

Outside the rain and the heart skips a beat...

Are you lonely?

Creature of the night it's been almost a week...

-Could you love me only?

Look at me for a very long time

But long enough to fall

Love is a word..I've been tryin' to find...

Words don't matter...they don't matter at all

Ooooo....Ooooo.....Ooooo

Ooooo....Ooooo.....Ooooo

So you're still lonely..you say that it's been..."Forever"

Well, maybe you never knew me....maybe you thought that I would never...

Change...but you know I'm changin'...and you're wrong..

And it's been like dying...

No love's that hard to find....

And I'm tired of...and I'm tired of trying....

Ooooo...Ooooo...

And I'm tired of trying....

Ooooo....Ooooo.....

(It's only a dream....)

Maybe it's only a dream.....

(It's only a dream....)

I don't want to feel that...

(It's only a dream....)

Well, it's one more link...in the chain.....

(It's only a dream....)

I don't believe that!!

(It's only a dream....)

(It's only a dream....)

Outside the rain and the heart skips a beat..

-Are you lonely?

Creature of the night it's been just about a week...

-Could you love me only?

Look in my eyes....touch my face...

Baby, there's no-one that can...take my place..

Look in my eyes..touch my face....

Baby, there's no-one that could ever replace that
heartache....

Oh, no...you take away that heartache...(Oh...yeah...)

Love is a word that some entertain

If you find it...you have won the game...

Somebody said..."Outside the rain...."
