Somewhere out in the back of your mind (somewhere)
comes your real life and the life that you know
It seems like it was the creation of some of those same
old things
It seemed to be the only thing left out in the light
She had trusted many...
But been unfamiliar with...
Almost everyone but you
Well maybe I'm just thinking that the rooms are all on
fire
Everytime that you walk in the room
Well there is magic all around you, if I do say so
myself..
I have known this much longer than I've known you
She had trusted many..
And then there would be someone who would enter into
her presence
That she could sense for miles..
She dreamed of her wanton luxury
And she laughed and she cried..and she tried to taunt
him
and he hated to be separated..
from that picture..No...

Well maybe I'm just thinking that the rooms are all on
fire

everytime that you walk in the room

ooh, well there is magic all around you, if i do say so
myself...

Well i have known this much longer than I've known you

long nets of white cloud my memory..

long nest of white cloud my memory..

ohh..there is magic.. all around you..

everytime you walk in the room

Well maybe i'm just thinking that the rooms are all on
fire

everytime that you walk in the room

well there is magic all around you, if i do say so
myself..

well i have known this much longer than i've known
you..
