>From the album: Rock A Little

I can see we're thinkin' 'bout the same things

Yes, I see your expression whan the phone rings

We both know...there's somethin' happenin' here

Well there's no sense in dancin' 'round the subject

A wound gets worse when it's treated with neglect

Well, don't turn now...there's nothin' here to fear

Chorus:

You can talk to me

Talk to me

You can talk to me

You can set your secrets free, baby

Though we lay face to face and cheek to cheek

Our voices stray from the common ground where they
could meet

The walls run high...to veil a swelling tear

Let the walls burn down...set your secrets free

You can break their bounds, 'cause you're safe with me

You can lose your doubt, 'cause you'll find no danger
here

Repeat Chorus

I can see you baby (I can see you runnin')

I can see you baby (I can see you runnin') all the way
back home

Well, I can see your express ion when the phone rings

And I can see that we're thinkin' 'bout the same things

Is it all that hard

Is it all that tough

Well you've taken all my dreams baby, right from the
start

Well I can see you baby (I can see you runnin') all the
way back

Talk to me....yeah.....
