Step into the velvet of the morning
Let yourself lay back within your dreams
Take on the situation but not the torment
Now you know its not as bad as it seems
Well I know you'd like to come away
But baby you can't come
Your fortune is your life's love
Oh and anytime you think about leaving
Think about what you know
Well think about it...
Think about it before you go
Even when you feel like your life is fading
I know that you'll go on forever You're that good
Heartbreak of the moment is not endless
Now your fortune is your life's love
Well honey...
I know you'd like to come away
But baby you can't come
Your fortune is your life's love
Wo and... anytime you think about leaving
Think about what you know

Well think about it...

Think about it before you go

And the heart says danger

And the heart says whatever

It is... that you want from me

I am just one... small... part...

Of forever...

Falling... star... star...

Catcher

Even when you feel like your life is fading

I know that you'll go on forever You're that good

Heartbreak of the moment is not endless

Your fortune is your life's love

Well honey... I know you'd like to come away

But baby you can't come

Your fortune is your life's love

Anytime you think about leaving

Think about what you know

Well think about it...

Think about it before you go...

Well think about it

Think about it before you go...

And the heart says danger

The heart says whatever

Think about it...

Think about it before you go
