Would you change your mind, at the very last moment

Would you say stop for a second

I'll bet you could think for a minute

In the morning light he says when will I see you

She says I don't think tomorrow, baby

Sometimes I wonder if things would change if we  
stayed together

Would you change your mind, at the very last minute

I think you should stop for a second Think for a  
moment

This could be a whole lotta trouble

Whole lotta trouble

Whole lotta trouble for you

Well this could be a whole lotta trouble

Whole lotta trouble

Whole lotta trouble for you

And the angel said well you must have had a dream

And you remember it 'till the dream followed through

Till the end of the dream and the dream came true

When I want something I get it

You'd better go he says yes I think I better

Stop for a moment I think you should think for a minute

Would you change your mind, at the very last minute  
When I want something I get it  
Whole lotta trouble  
Whole lotta trouble  
Whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble, baby  
Whole lotta trouble for you  
Oh yeah, oh yeah not guilty have mercy!  
Oh he says you could be my prisoner  
Well you're not living in the real world  
You're not living in the real world  
You're not my friend you're not my love  
And this is something that we really don't discuss  
Where are you sometimes I hear you crying  
And I wake up and I get through it  
Well this could be a whole lotta trouble  
Whole lotta trouble  
Whole lotta trouble for you  
Well this could be a whole lotta trouble  
Whole lotta trouble, baby  
A whole lotta trouble for you
