This city's just waiting to crack
This house is not a home
This is me under attack
This is my self control

And i thought you were somebody else
I thought you were somebody else
I thought you were somebody...

I thought you were somebody else
I thought you were somebody else
I thought you were somebody...

And if you're looking to me for salvation
I'm fresh out
And if you're wanting to vent your frustration
What about
When i look at you i don't see what i used to see
If i want a better life i'm sorry
Forgive me
You're angry
You should be
I'm happy

Why don't we just take a step back
Examine what you are
You're where the line goes slack
You're a fantastic scar

And you thought i was somebody else
You thought i was somebody else
You didn't know i was somebody...

You thought i was somebody else
You thought i was somebody else
You didn't know i was somebody...

And if you're looking to me for salvation
I'm fresh out
And if you're wanting to vent your frustration
What about

When i look at you i don't see what i used to see
If i want a better life i'm sorry
Forgive me
You're angry
You should be
I'm happy
I'm happy
I'm happy....
