"Pull The Trigger"

Visit "[Pull The Trigger](#)" on MotoLyrics.com

You try to break me with your violent words
You know everything you do hurts
You can never change my point of you
I have to denied everything you do

And I am waiting for the moment
When I look into your eyes
I pull the trigger
I hear the gunshot
I see your brain spread on the wall
This is the last time that I see you
You can't hurt me anymore
The final solution to find my freedom
To solve this problem
Now you're dead

All the pain you're sowing comes back to you
I know there's nothing you can do
You can't escape my unstoppable hate
Don't turn around 'cause it's to late
