Dancing a spiral we sing unaware
On faery night wings our songs fill the air
Making a circle of magic and light
Watched silently by the fay of the night

Our hearts full of love and our arms open wide
We hold the key to the faeries delight
Song in our hearts belong in the air
The words of our wisdom we bring forth to share

The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fay our hearts truest sight

Sounds of the forest in sweet harmony
We give the gift of our song to the faery
Dancing a spiral we sing unaware
The faery night wings our song fill the air

The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fay our hearts truest sight

Ahh.....

Dancing a spiral we sing unaware
On faery night wings our songs fill the air
Making a circle of magic and light
Watched silently by the fay of the night

The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fay our hearts truest sight

Our hearts full of love and our arms open wide

We hold the key to the faeries delight
Song in our hearts belong in the air
The words of our wisdom we bring forth to share

The songs in the night
As we dance 'round the flame
The Fairy Nightsongs are never the same
The words from our lips as we sing for the night
Impart to the Fay our hearts truest sight

Sounds of the forest in sweet harmony
We give the gift of our song to the faery
Dancing a spiral we sing unaware
The faery night wings our song fill the air
