I'm gonna blame it on you
When I black out your heart tonight

There you go again in search of something new
An unfamiliar face and the grass looks greener to you
You're moving ahead so fast tomorrow's yesterday
You take a sip of life, and leave me there to pay

I'm gonna blame it on you
When I black out your heart tonight
You made me look like a fool
I'm on a mission to make you cry
Yeah ima blame it on you
When I black out your heart tonight
You made me look like a fool
And now i'm gonna make you cry

I'll be the endless pain the shiver down your spine
I'll be the pourin' rain the empty glasses of wine
You're gonna wake one day with the future in the past
And when you're hurting bad i'll be sure to make it last

I'm gonna blame it on you
When I black out your heart tonight
You made me look like a fool
I'm on a mission to make you cry
Yeah ima blame it on you
When I black out your heart tonight
You made me look like a fool
And now i'm gonna make you cry

You will never ever be free again
I'll be out there laughin' until the end

I'm gonna blame it on you (blame it on you)
When I black out your heart tonight (made you cry)
You made me look like a fool (fool)
I'm on a mission to make you cry
Yeah ima blame it on you
When I black out your heart tonight
You made me look like a fool

And now i'm gonna make you cry

There you go again in search of something new
