I wake up at night from another nightmare  
there's blood on my hands  
what have I done?  
I feel your cold hands on my skin  
it was like a dream  
so don't wake me up  
don't wake me up, don't wake me up  
don't wake me up, don't wake me up

I close my eyes for another nightmare of you  
you're in my mind  
I'm always dreaming of the night I fucked with death  
I will never see you die again  
I close my eyes for another nightmare of you  
you're in my mind  
I'm always dreaming of the night I fucked with death  
I will never see you die again

this was the best thing we ever did  
I was so exited when I felt you from the inside  
I wished that some day we can do it again  
I wished you can die for me again

I fuck with death, I fuck with death  
I fuck with death
