(and we children, we children are born of fear, we are
born of fear, that is why we must let the light of god, let
the light of god, let the light of god into our hearts
children, we are all children of god, but oh we are
sinners, we are sinner, we are sinners of the light, so
me must take to love of god into our heart or we will
burn, burn in eternal damnation!)

sechs sechs sechs
is the number of the beast
dial sechs sechs 7
if you want to go with me
prey prey prey
for absolution
if you want to reach the darker side
c'mon

you want it
you need it
you want it

deep deep down set you wicked mind
there's nothing more to think about (it's only me)
run run run away from your stupid past
look at me I'm what you need

you want it
you need it
you want it

chorus:
I'm the devil daddy
won't you be my guide
your a dead loving momma
come home and take a ride
I'm the devil daddy
of your unborn child
join my body
on the other side
