"Forbidden Love"

I can see you there
your lying on the grass
your body looks so perfect
I don't dare to touch
your lips so bloody red
your eyes they look at me
the night is cold and dark
why don't you come to me
the moon is watching us
I know you wait for me
your skin is soft and white
I can't resist your kiss

and we fly into the night
I hold you in my arms my dear
forever you'll be mine
and we fly into the night
please my love don't shed a tear
no reason to cry

[verse 1 repeat]
I smell your deep red blood
I think I want you now
the rain is falling down
wash away my tears

and we fly into the night
I hold you in my arms my dear
forever you'll be mine
and we fly into the night
please my love don't shed a tear
no reason to cry
