I feel your presence everywhere I go  
I hear your voice when I search for silence  
I see your face when I close my eyes  
your in mind, your always in my soul

I feel your presence everywhere I go  
I hear your voice when I search for silence  
I see your face when I close my eyes  
your in mind, your always in my soul

chorus:

do you remember the golden days?  
there's so much pain inside of me  
i'm feeling better day by day  
i wasted so much time with you  
and i remember the golden days  
I'm feeling empty but I'm free  
do you remember the pain in my eyes?  
insanity comes over me

would you ever think of me again  
when you're alone in your bed?  
would you ever wish me back again  
or would you try to forget?

I feel your presence everywhere I go  
I hear your voice when I search for silence  
I see your face when I close my eyes  
your in mind, your always in my soul

chorus

I don't want to dream of you  
I don't want to say that I miss you  
I want to live my life without you

I tried to forget, I tried to forget
