(Bist du bereit fÃ¼r deinen Gott zu sterben?
- Das bin ich!)

you need a new god
you need a leader
someone to show you how your life should be
you see no future
you have no dreams
you're just afraid, afraid of yourself

and so you pray
to an unholy force
you praise the evil side
you praise the evil side
you sacrifice your life to a darker religion
you're fascinated by the beauty of death

chorus:
you feel no love
but you feel no pain
there's a black hole in your soul
you see no hope
there is no god
only darkness in your soul

and so you pray
to an unholy force
you praise the evil side
you praise the evil side
you sacrifice your life to a darker religion
you're fascinated by the beauty of death

chorus
