I don't want to talk
Cause I've too much to say
I don't need to talk
Cause you won't listen to me
I don't want to be another victim
I have to live my life without you, anyway

It doesn't matter anyway
It doesn't matter -

But there's so much more things in your life
Take a chance and start again
Please don't let all this fucking shit
Ever happen again

Do you want to be
Always this kind of bitch?
Do you want to live
Always the way you do?
You don't have to be another victim
You have to live your life without me, anyway
