all I really feel is death and pain, death and pain, death  
and pain  
all i really want is to kill myself, kill myself, kill myself  
i'm a psychopathic killer kill myself, kill myself, kill  
myself  
i'm a victim of life condemned to die, condemned to  
die

all I really feel is death and pain, death and pain, death  
and pain  
all i really want is to kill myself, kill myself, kill myself  
i'm a psychopathic killer kill myself, kill myself, kill  
myself  
i'm a victim of life condemned to die, condemned to  
die

there's no love in my my mind, in my mind  
there's no hope in my mind, in my mind  
just terrible thoughts inside my brain, inside my brain  
a feeling of death inside my soul, inside my soul

keine Liebe in meinem Kopf, in meinem Kopf  
keine Hoffnung in meinem Kopf, in meinem Kopf  
Boese Gedanken in meinem Gehirn, in meinem Gehirn  
Ein Gefuehl von Tod in meiner Seele, in meiner Seele
