Sometimes you may feel better  
sometimes you may feel lucky  
sometimes you may feel angry  
but you never can bet that you will be exactly like that  
again

On your world  
i can't stop my eyes that you

Told me, you told me  
i don't deserve you  
i can't become yours

Sometimes you may feel better  
sometimes you may feel lucky  
sometimes you may feel angry  
but you never can bet that you will be exactly like that  
again

On your world  
i can't stop my eyes that you

Told me, you told me  
i don't deserve you  
i can't become yours

You are better  
you are kind  
you are really better  
you are really kind  
you are so very better (jeje)  
you are so very kind
