Children need a helping hand
Children need a promise land
Let the children feel again
That love is alive
Children need a helping hand
Children are so innocent
Make this world a wonderland
So give a us a sign
So give a us a sign

Children have a heart of gold
Sometimes they feel alone and sold
They need someone to be around
Reach out
A helping hand
So many children don't know what to do
'Cause no one's there to guide them through
We are living in a world of gold
Don't make them sad and sold
They need a helping hand

Children need a helping hand
Children need a promise land
Let the children feel again
That love is alive - That love is alive
Children need a helping hand - Day by day
Children are so innocent - Children's own way
Make this world a wonderland - Join us and stay
So give us a sign - So give us a sign

Children need a helping hand
We all are called to change
Into a world of hope
Without war and without pain

Children do have fantasy
Their thoughts are far away and free
Dreaming of the wonderland
They live in a children's world
We could live in perfect harmony
Wonderland could be reality

Without war and without pain
And no one dies in vain
That's the promise land

Children want to find their own way
Getting stronger day by day
Children have a heart and soul
Don't let them live without their gold
Children make the world go round
Don't destroy what they have found
..... becomes around
Be confident with a helping hand
