Ask me how I'm doing care to know the answer?
soon I'll be the one you know is winning stand and face
the ones you spin
the tales of knowing "heard the sounds you were
creating living showing
while the others weren't listening..."
now they wait to get their fill of all the reasons why you
made it riding backs
of those who gave you all their time unanswered
messages
"we'll get together when you play the show and fill the
stands and meet the customer demand
for all things pretty we can move to any band that sets
the mood..."

And I can
And I will
Hold me down
Keep me still
Take your reasons
Lies you sell
'Cause I know you
All too well...

The party people gather quickly
drinks in hand to hear the thing their friends will talk
about
and wish away the meaning and the inspiration to the
background music
search the crowd for faces focused on the you
of all the headlines focused always on the by-lines live
the life rockstar persona
People magazine will show us all the greatest angles of
a face so recognizable
perfect grace accept the nomination "entertainer of the
year"
you beat out everyone and everything even sold us
with your tears...

And I can
And I will

Hold me down
Keep me still
Take your reasons
Lies you sell
'Cause I know you
All too well...

A lasting year of dedication to the cause of all the
patience
if I save the time I'm willing to give up the things I build
and keep away from those who shop the very things
I cannot stop the way you live a life self-focused scan
the pages get the most
you can and ask me how I'm doing care to know the
answer?
soon I'll be the one you know is winning stand and face
the ones you lose...

And I can
And I will
Hold me down
Keep me still
Take your reasons
Lies you sell
'Cause I know you
All too well
'Cause I know you
All too well...
