We've come this far  
And it's so clear  
That we are everything you hoped for,  
loved, and feared  
And I don't know  
The reasons why  
All this time it goes by slowly  
And we don't see  
Much to fight for...

What if I get lost here?  
Without you nearby could I still breathe?  
Please tell me...

If I would stay here and wait for you  
Would you stay here and wait for me?  
Could you stand and believe in the  
face of all you never wanted  
This life I lead...

I owe so much  
To who you are  
And, though I've fallen time and time again  
You've picked me up and brought me far  
I'm safe  
And still you fight  
And every time you give, I live to find my way  
I try to make things right...

If I get lost here?  
Without you nearby could I still breathe?  
Please tell me...

If I would stay here and wait for you  
Would you stay here and wait for me?  
Could you stand and believe in the  
face of all you never wanted  
This life I lead...

I'm sorry for the times that I could not prepare you  
For every little thing that I could not decide

No not for us  
I am not the one who fights  
To keep our love awake and still alive  
But someday soon we'll be alright...

What if I get lost here?  
Without you nearby could I still breathe?  
Please tell me...

If I would stay here and wait for you  
Would you stay here and wait for me?  
Could you stand and believe in the  
face of all you never wanted  
This life I lead  
Never wanted this life I lead  
Never wanted this life I lead...
