You can drive, you can drive  
You can drive down the 405  
To the 101 to my house  
And these highways are in so many songs

I couldn't count them all, I tried  
So much sad history described in a ride  
And when I told you I was happy I lied  
I lied, I lied, I lied

And I've got Vicodin, do you wanna come over?  
I know it's a long drive from Malibu  
I got a pocket full of pills and not one lover  
And I'm feeling so bad and so good  
I don't know what to do

And I'll take my chances now  
'Cause I can't go back, I'm out too far  
And I'm thinking, I'm thinking  
I'm thinking that you know how it feels

So get in your car and drive  
And I can tell you that I'll try  
I'll try, I'll try, I'll try

And I've got vicodin, do you wanna come over?  
I know it's a long drive from Malibu  
I got a pocket full of pills and not one lover  
And I'm feeling so bad and so good  
I don't know what to do

It's in your face, I know that place you're going to  
I'll follow you, I'll meet you there  
Don't bring a thing for me  
I'll take care, I'll take care

And I've got Vicodin, do you wanna come over?  
I know it's a long drive from Malibu  
I got a pocket full of pills and not one lover  
And I'm feeling so bad and so good  
I don't know what to do
