Natural born trash human
Natural born worthless fellow
Natural born rebel spirit
It is good as orange rotted

te wo nobashi todoku hazu mo nai kabe wo niramu
Do you see this muzzle that aims at your head now?
Now by this hand in a free cockroach some time
Do you see this muzzle that aims at your head now?
I am seen. in the future when you fall on ground...

te wo nobaseba todoku to shinjiteitai

Natural born trash human
Natural born worthless fellow
Natural born rebel spirit
It is good as orange rotted!
