Verse 1: Look this is my life and its a battle within I
gotta survive even if im sinning in wind
If i show no remorse i'll rep the devils reward
He said he'll give me bridges but im looking for more
When I was young witness my dad standing for right
Black pride in him even though he passing for white
Took years for my life now im missing em man
Mom on some other shit so im missing the plan
So im in this fucking world mode
all the lessons to a young teen nigga was cold
And my pimping ass uncle put me up on the game
It really aint no loving its bout that paper man
Put me in the position got me up on a mission
Collecting from these hoes hurry up about business
A nigga from Memphis Tenna with life as a struggle
This was the gift i was given
So i just live by by hustle

Chrous: Keep hustling (it aint over for me yeah it aint
over for me) Keep flowing (Ima step my game up and
get whats comin for me) Keep hustling (yeah it aint
over for me yeah it aint over for me) Keep flowing (Ima
step my game up and get what's coming from me)

Verse 2: Now im just getting by and its fucking with me
See others doing big thangs it was nothing to me
I see in what I use to be and its looking the jet
Got my hands on some music and started fucking with
it
Put it down hard and I started bumping to this
I let the others hear bumps they were nothing to this
Lets check my connection cuz we go back in the day
Say they was looking for trouble
Heard I was hustling hay
Got me calling my niggas
Spiting yans at my hoes
This my oppotunity I feel like anything goes
I was never pose to see the new ammilium man
And I refuse to let my dad die in vein
So I give it my all you feel my struggle and pain
If you aint feeling what im feeling trick you aint to the
game

But the closest one to me kno Im holding it down
You gone feel me one day we gone be hurting the
town.

Chrous

Keep hustling (it aint over for me yeah it aint over for
me) Keep flowing (Ima step my game up and get
whats comin for me) Keep hustling (yeah it aint over
for me yeah it aint over for me) Keep flowing (Ima step
my game up and get what's coming from me)
Repear chrous 3x out
