and I, I can't let it slide

The papers not here yet

The suns not up

But I'm not afraid to tell you what I feel inside

I had one of those dreams that made it all so

Clear to me now

I got a whole new perspective

It's so clear to me now

You can't treat me that way

It appears to me how long you tried to make me frame
you

It was me who was bein the fake

So clear

Why did I smile when I hurt inside

Said I was okay when I knew it's a lie

I wanted to believe in you

You took your chances

Woe was me

So I'll just forgive you

And set you free

I'm on my way

Yeah I'm steppin out of the haze

And it's so

Clear to me now

I got a whole new perspective

It's so clear to me now

You can't treat me that way

It appears to me how long you tried to make me blame
you

It was me who was bein the fake

So clear

I wanna put the past behind

Try and maybe I can find better days

First time in a while think i even feel

a smile on my face

I got a whole new perspective

It's so clear to me now

You can't treat me that way

It's so

Clear to me now

I got a whole new perspective

It's so clear to me now

You can't treat me that way

It appears to me how long you tried to make me blame
you

It was me who was bein the fake

So clear,so clear

So clear,so clear

So clear

Suns going down on a Saturday

And I feel alright

I feel okay
