i'm a girl you know but i'm
someone else to, if you only knew
it's a crazy life, but i'm alright
i got everything i've always wanted
i'm living the dream
i've got everything i've always wanted
is it always what it seems
i'm a lucky girl
whos dreams came true
but underneath it all
i'm just like you
is it always what it seems
i'm a lucky girl whos dreams came true
but underneath it all i'm just like you
