"Lovin' Man"

We can go up north, we can go down south
Go out west, we can go out east
Anywhere the wind blows, any place you wanna be
Feels like home, home sweet home to me

I wanna be, I wanna be, baby, wanna be your lovin' man
I wanna be, I wanna be, wanna be be be your lovin' man

Way you hug me in the evening, when the moon shines
up above
Feels so good, honey it must be love

One, two, three, four
Five, six, seven
When you kiss me
I'm in heaven
Sweet love medicine, need it every day
Pacify my mind and drive my blues away

We can go up north, we can go down south
Go out west, we can go out east
Anywhere the wind blows, any place you wanna be
Feels like home, home sweet home to me
