I think I'm gonna smile for a while
Pull the curtain back and let some moonlight in
Gossip on the phone with my old friends
Like I used to do

I'm gonna put your memory away
Show this achin' in my heart a thing or two
'Cause tonight I'm getting even with the blues

That lonely feeling's had its way
Ever since the day I heard you say goodbye
The hurting thinks its found a home
But I'm gonna let it know it ain't welcome here tonight

Tomorrow that old cloud may come around
And there won't be anything that I can do
But tonight I'm getting even with the blues

That lonely feeling's had its way
Ever since the day I heard you say goodbye
The hurting thinks its found a home
But I'm gonna let it know it ain't welcome here tonight

Tomorrow that old cloud may come around
And there won't be anything that I can do
But tonight I'm getting even with the blues
Oh, tonight I'm getting even with the blues
