So she can't go out tonight again  
Her sister's sick, she's gotta baby-sit  
Yeah, that sounds like a pretty good excuse

Now you didn't hear any of this from me  
But things aren't always what they seem  
Brace yourself, this may come as a shock to you

Girls lie too  
We don't care how much money you make  
What you drive or what you weigh  
Size don't matter anyway

Girls lie too  
Don't think you're the only ones  
Who bend it, break it, stretch it some  
We learn from you  
Girls lie too

We can't wait to hear about your round of golf  
We love to see deer heads hanging on the wall  
And we like Hooter's for their hotwings too

Other guys never cross our minds  
We don't wonder what it might be like  
How could it be any better than it is with you?

Girls lie too  
We don't care how much money you make  
What you drive or what you weigh  
Size don't matter anyway

Girls lie too  
Don't think you're the only ones  
Who bend it, break it, stretch it some  
We learn from you  
Girls lie too

Yeah, girls lie too  
We always forgive and forget  
The cards and flowers you never sent  
Will never be brought up again

Girls lie, too  
Old gray sweatpants turn us on  
We like your friends and we love your Mom  
And that's the truth  
Girls lie, too  
Yeah that's the truth  
Girls lie, too

No, we don't care how much hair you have  
Yeah, that looks good  
Comb it over like that
