Last night we went to bed not talkin'
'Cause we'd already said too much
I faced the wall, you faced the window
Bound and determined not to touch

We've been married 7 years now
Sometimes it feels like 21
I'm still mad at you this mornin'
Coffee's ready if you want some

I've been up since five, thinkin' bout me and you
And I've got to tell you the conclusion I've come to

I'll never leave, I'll never stray
My love for you will never change
But I ain't ready to make up
We'll get around to that
I think I'm right, I think you're wrong
I'll prob'ly give in before long
Please don't make me smile
I just wanna be mad for a while

For now you might as well forget it
Don't run your fingers through my hair
Yeah, that's right, I'm bein' stubborn
No, I don't wanna go back upstairs

I'm gonna leave for work without a goodbye kiss
But as I'm drivin' off, just remember this

I'll never leave, I'll never stray
My love for you will never change
But I ain't ready to make up
We'll get around to that
I think I'm right, I think you're wrong
I'll prob'ly give in before long
Please don't make me smile
I just wanna be mad for a while

I'll never leave, I'll never stray
My love for you will never change
But I ain't ready to make up

We'll get around to that
I think I'm right, I think you're wrong
I'll prob'ly give in before long
Please don't make me smile
I just wanna be mad for a while

I just wanna be mad for a while
I just wanna be mad for a while
I just wanna be mad for a while
