Love is such a big rush  
You wanna hurry it along  
'Cause you can't get close enough  
And I know it wouldn't feel wrong

But it's all right going slowly  
Just fine getting to know me  
I'll give you one thing you can't buy  
Baby you can take my time

Like a river flowing  
We can roll on and on  
Not knowing where we're going  
Living in the moment before it's gone

But it's all right going slowly  
Just fine getting to know me  
I'll give you one thing you can't buy  
Baby you can take my time

I know what you want  
I'll be here holding on

But it's all right going slowly  
Just fine getting to know me  
I'll give you one thing you can't buy  
Baby you can take my time

Heart will be waiting  
Baby you can take my time  
My time, going slowly  
Getting to know me  
You can take my time
